

March 10, 2023

I just wanted to thank everyone at Riverside Nursing & Rehab for everything you all did to care for my Mom. I couldn't have asked for a better place. The care she was given was above and beyond what I had expected! You opened your doors and loving arms to me and my Mom, and to the whole family when we really needed you. My Mom passed away today and I feel like I have been blessed to have an extended family there with us checking on her and our every need! May God Bless you for all the hard work everyone puts in to care for your residents and their loved ones! I am forever grateful to you all !

Thank You,

S. Thoman & Family
