Riverside garden club has been learning about and taking care of houseplants that are around the facility. Residents will also be starting seeds to be planted in the garden once the weather warms.

### April 2024

Spring has sprung! Residents are enjoying this warm weather and getting outside to get some fresh air after being inside this past winter. Theresa is enjoying sitting in the warm, spring sun! Keep an eye on the activity calendar for outside activities as long as the weather permits!

## St. Paddy's Day Celebration

Green milkshakes and pizza was enjoyed for our party. Our residents are the pot of gold at the end of the rainbow!
